

Arteries and Nerves in the Elbow Region

RULES FOR PASSAGE OF NERVES AND ARTERIES IN THE ELBOW REGION

Arteries may pass between two bones (posterior interosseous artery passes between ulna & radius) Nerves always pass around bones!

RELATIONSHIPS OF NERVES AND ARTERIES IN THE ELBOW REGION

Arteries may pass between two bones as here where the posterior interosseous artery passes between ulna and radius

Nerves never pass between bones but pass around them. Radial, median and ulnar nerves all pass between the two heads of muscles

Relations of the two heads of pronator teres
